

Board of Directors

Dr. med. Daniel B. Herren, MHA

Swiss (born 1962)

Member of the Strategy and Innovation Committee since 2019

Member of the Board of Directors since 2017

Key attributes for the Board:

With his long-standing experience and activities in the field of hand surgery and orthopaedics, Dr. med. Daniel B. Herren has a vast national and international professional network. His in-depth expert and practical knowledge, predominantly based on the daily clinical work with patients and as the responsible representative for teaching and education within his department, is a useful complement for the Board.

Career highlights:

Dr. med. Daniel B. Herren joined Medartis in 2017 as a Board Member and is a member of the Strategy and Innovation Committee of the Board since 2019. He further served as member of the Remuneration Committee of the Board from 2017 to 2020. As a board-certified orthopaedic and hand surgeon, he has been the head of the hand surgery department at the Schulthess Clinic in Zurich since 2009 and more recently, became its chief medical officer in 2017. From 2010 to 2014, he was a board member of the National Federation of Medical Doctors in Switzerland (FMH), and was responsible for the association's quality management. In addition, he acted as President of the Swiss Society for Surgery of the Hand between 2010 and 2013. Currently, he is Secretary General of the Federation of European Societies for Surgery of the Hand (FESSH) and in conjunction with this role, member of the FESSH Executive Committee.

Qualifications:

He holds a Medical degree from the University of Berne with postdoctoral studies focusing on the investigation of biocompatible materials at the ETH Zurich as well as a Master of Public Health Administration at the University of Berne.

Other current activities:

None.
